

## The Girl With The Puff-Puff Hair

Chika is happy going to a new school.

But she is not happy about her hair.

She thinks her hair is too short.

**The girls in her new school all make beautiful braids.**

**The thought of looking different at school made her very worried.**

**Chika's dream is to become an accountant.**

**When she visits the bank with her dad, she notices the banker's beautiful hair and smart suits.**

**Chika's mother saved the day.**

**She made her a simple hairstyle that looks amazing.**

**They were like tiny black balls.**

**"What's this style called mum?"**

**"It's the puff-puff style", she replied.**

**"Puff-puff"? Chika giggled.**

**"I just hope nobody calls me the girl with the puff-puff hair."**

**They both burst into laughter.**
