The Dream School Foundation DSF

### LETTER OF APPRECIATION

Dear ma/sir,

We the entire family of our son, scholar, and star, Raphael Monday is using this medium to express our sincere and profound gratitude to the foundation, most especially to you chief Dena Grushkin and your wonderful team for believing in our son Raphael. Ever since he was a little boy he had always dreamt of going to the university. Since no one in the family has any form of formal education not to mention the financial capacity of affording quality education; it was almost as impossible for our son to attend such feats.

Thankfully you appeared like an angel and gave him that push to further his education and today he's a proud graduate.

His academic accomplishments has brought us so much joy and pride.

He is not just a pride to us but a role model to the youths of Tomaro to follow suit.

We are hoping and praying that he will continue to not just make us his family proud, but you mama, chief, Dena and the entire family proud.

We pray that the DSF will continue to excel and accomplish greater feats.

We neither have silver nor gold to offer in return for your love, supports, encouragement for Raphael right from his first day in school through the final day of his convocation, but we have no doubts that you won't have any regrets of sending him to school.

We say a big thank you, we say we love you and we pray that the Lord cause you to reap the fruits of your labour in our children's lives.

Please share our love and gratitude with your family.

Thank you once again.

Yours faithfully,

The entire family of Raphael.
